WELCOME NOTE

From the Organisers – Le Confluence

Dear Friends,

It gives us immense pleasure to welcome you to the **Le Confluence BizSummit & Pragat Bharat Puraskar 2026**, a platform born out of a simple yet powerful belief – that when business leaders, entrepreneurs, policymakers, and innovators come together, they don't just shape companies, they shape the future of our nation.

In today's rapidly evolving world, businesses are not only navigating disruption but also driving it. With **Agentic AI, sustainability imperatives, and India's unstoppable startup ecosystem**, we stand at the cusp of a historic transformation. This is why we envisioned BizSummit 2026 – to provide a stage where ideas meet execution, where knowledge sparks opportunity, and where recognition inspires new journeys.

This summit is more than an event – it is a **movement of collaboration and celebration**. A place where MSMEs meet investors, where startups share space with corporates, where policymakers listen to entrepreneurs, and where every participant leaves with stronger connections, sharper insights, and renewed purpose.

Our vision is clear: to make **India @2030 a hub of intelligent, sustainable, and inclusive businesses**. The BizSummit is our humble step in that direction, and we are proud to have each one of you as part of this journey.

Together, let's learn, let's collaborate, and let's celebrate those who are redefining the meaning of business leadership in India.

Warm regards,

Team Le Confluence
